# NURSING TRAILBLAZERS

**Location**  
Poplar Hall (Suite Style)

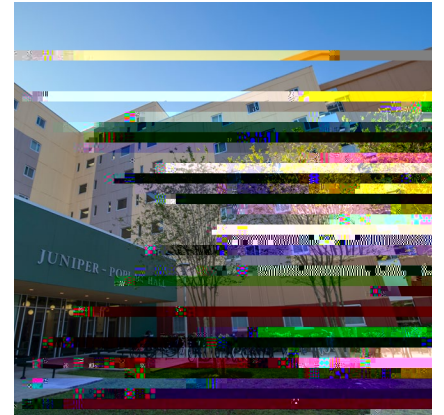

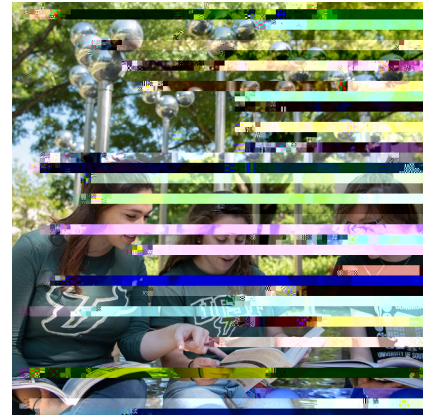

**WELCOME COLLEGE OF NURSING STUDENTS**

The College of Nursing at the University of North Carolina at Charlotte is a leading institution in the field of nursing education. We are committed to providing our students with a high-quality, evidence-based education that prepares them for the challenges of the nursing profession. Our faculty consists of experienced nurses and educators who are dedicated to the success of their students. We offer a variety of nursing programs, including Bachelor of Science in Nursing (BSN) and Master of Science in Nursing (MSN). Our students benefit from our state-of-the-art facilities, including simulation labs and clinical partnerships with local healthcare organizations. We encourage prospective students to visit our website and contact our admissions office for more information.

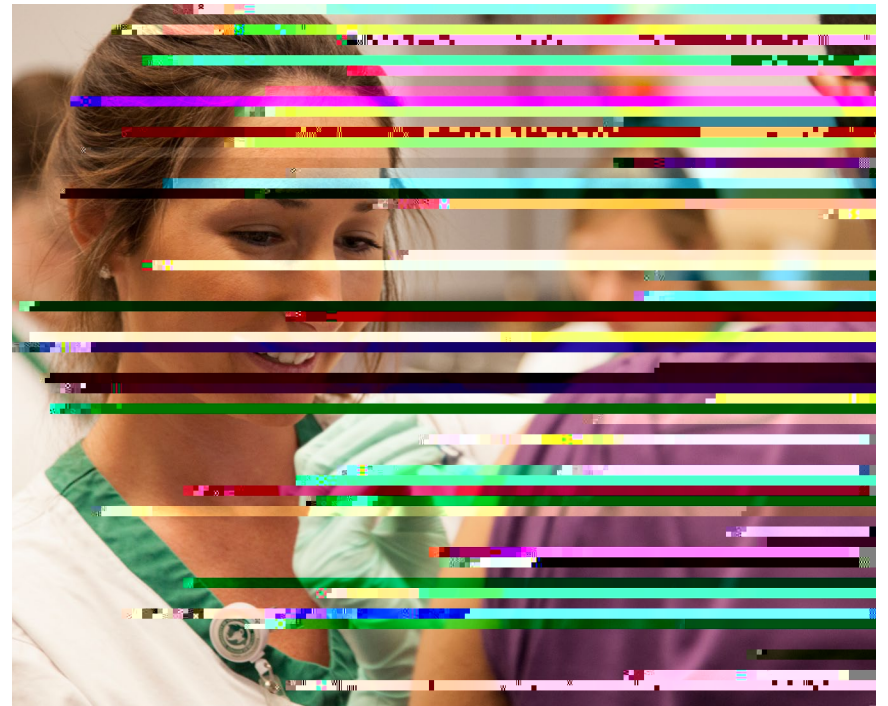

**Academic Major Eligibility:**

Prospective students must have completed a minimum of 60 semester hours of college credit, including a minimum of 18 semester hours of science coursework. Students must also have a minimum cumulative GPA of 2.5. For more information on our admission requirements, please visit our website.

**BENEFITS OF MEMBERSHIP**

Membership in the College of Nursing provides our students with a variety of benefits. These include access to our state-of-the-art simulation labs, priority registration for our courses, and access to our online learning resources. Members also receive a complimentary membership to our student organization, the Sigma Theta Tau International Honor Society of Nursing. This organization provides our students with a supportive community and opportunities for professional development. Additionally, members receive a complimentary membership to our career center, which provides our students with access to job postings, resume writing assistance, and career counseling. We encourage all prospective students to become members of the College of Nursing.

1. The first part of the text discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the text focuses on the role of internal controls in preventing fraud and ensuring the integrity of financial data. It highlights the importance of a strong internal control system.

1. **Academic Major Eligibility:** Biomedical Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Computer Science, Cybersecurity, Electrical Engineering, Environmental Engineering, Industrial Engineering,
