

The US Department of Energy (DOE) and the Office of General Counsel (GDO) are conducting a
comprehensive review of the Department's policies and procedures regarding the use of
information technology. This review is being conducted in accordance with the
Department's Information Management Policy and the Office of General Counsel's
advice. The review will focus on the Department's use of information technology
to support its mission and the Department's compliance with applicable laws and
regulations. The review will also consider the Department's use of information
technology to protect its information and the Department's use of information
technology to improve its operations.

The Office of Information Management (OIM) and the Office of General Counsel (GDO) are
conducting a comprehensive review of the Department's policies and procedures
regarding the use of information technology. This review is being conducted in
accordance with the Department's Information Management Policy and the Office of
General Counsel's advice. The review will focus on the Department's use of
information technology to support its mission and the Department's compliance
with applicable laws and regulations. The review will also consider the
Department's use of information technology to protect its information and the
Department's use of information technology to improve its operations.
